

ROADWAY WORKERS IN CHARGE

Nationwide. Experienced. Reliable.

RWICs Nationwide

Our team of qualified RWICs are available for third party contracts such as grade separations and utility crossings, railroad track, signal, and bridge improvements, emergencies and other needs. With our large pool of qualified RWICs, we are able to mobilize on short-notice. Saving you time, money and valuable staff resources.

RailPros Field Services provides highly experienced, E-Rail-Safe qualified and On-Track safety-certified staff for railroads nationwide, letting you keep your people on-track and on-task, while WE handle the outside work.

We dispatch our staff to your project to meet your schedule. No waiting for availability of railroad personnel. So whether your project is one day or 18 months, RailPros can provide the staff you need.

Employees are continually trained on general railroad safety and job-site specific training, ensuring safety is always paramount.

It's our business to know Rail

With decades of first hand railroad experience, RailPros' staff includes top railroad industry talent who bring diverse and comprehensive professional expertise including Roadway Workers in Charge (RWICs), railroad coordination, design engineering, construction management, utilities permitting track inspection, and project management.

Our nationwide team of experts provides the full spectrum of railroad project services, saving clients time and money.
